

WESTERN REGIONAL PANEL ON AQUATIC NUISANCE SPECIES

Sponsorship Opportunities

What We Do

The Western Regional Panel on ANS (WRP) works collaboratively with diverse partners across the West to prevent the spread of aquatic invasive species into western waters.

Our Mission

The Western Regional Panel on Aquatic Nuisance Species was formed in 1997 to help limit the introduction, spread and impacts of aquatic nuisance species into the western region of North America. This panel of public and private entities was formed by a provision in the National Invasive Species Act of 1996 (P.L. 101-636).

Why Sponsor?

The WRP Annual Meeting sponsorship is an opportunity to connect with AIS professionals of the West, understand the issues that managers face and create opportunities for your products or services.
