

WESTERN REGIONAL PANEL ON AQUATIC NUISANCE SPECIES

BYLAWS

NAME

The name of this organization shall be the “Western Regional Panel on Aquatic Nuisance Species” (WRP), as defined in the Nonindigenous Aquatic Nuisance Species Prevention and Control Act (NANPCA) of 1990 [reauthorized as the National Invasive Species Act (NISA) of 1996], hereinafter called “the Panel”.

LEGAL BASIS AND DESCRIPTION OF THE PANEL

The Nonindigenous Aquatic Nuisance Prevention and Control Act (NANPCA) of 1990 created the Aquatic Nuisance Species Task Force. Under section 1203 – *Regional Coordination* – the ANS Task Force was required to create two Regional Panels within 30 days – the Great Lakes Panel and the Western Regional Panel. Despite the requirement to form the Panel in 1990, the Panel was not formed until 1997 following passage of the NISA in 1996, which was an amendment to NANPCA.

The Panel is a nongovernmental body and serves as a forum for coordinating activities on aquatic invasive species (AIS) management in the West. Members of the Panel may be elected or appointed government officials; staff members of government agencies; members or representatives of organizations, associations, industries or other groups; or private citizens. As specified by NISA the Panel shall be “comprised of Western region representatives from Federal, State, and local agencies and from private environmental and commercial interests,”

Historically, the scope of the Panel includes an extensive geographic range encompassing the nineteen states, and four provinces west of the 100th Meridian, including Alaska, Arizona, California, Colorado, Kansas, Hawaii, Idaho, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington, Wyoming, Alberta, British Columbia, Manitoba, and Saskatchewan.

MISSION AND OBJECTIVES

The mission of the Panel is to protect western aquatic resources by preventing the introduction and spread of non-native invasive or nuisance species into western marine, estuarine, and freshwater systems through the coordinated management and research activities of state, tribal, federal, commercial, environmental, research entities, industries and other regional panels.

The highest priorities for the Western Regional Panel’s Executive Committee and Membership are to fulfill the six priority objectives listed in section 1203 (b) of both NANPCA and NISA:

(b) WESTERN REGIONAL PANEL—Not later than 30 days after the date of enactment of the National Invasive Species Act of 1996, the Task Force shall request a Western regional panel, comprised of Western region representatives from Federal, State, and local agencies and from private environmental and commercial interests, to:

- 1) identify priorities for the Western region with respect to aquatic nuisance species;*
- 2) make recommendations to the Task Force regarding an education, monitoring (including inspection), prevention, and control program to prevent the spread of the zebra mussel west of the 100th Meridian pursuant to section 1202(i) of this Act;*
- 3) coordinate, where possible, other aquatic nuisance species program activities in the Western region that are not conducted pursuant to this Act;*
- 4) develop an emergency response strategy for Federal, State, and local entities for stemming new invasions of aquatic nuisance species in the region;*
- 5) provide advice to public and private individuals and entities concerning methods of preventing and controlling aquatic nuisance species infestations; and*
- 6) submit annually a report to the Task Force describing activities within the Western region related to aquatic nuisance species prevention, research, and control.*

OFFICE

The principal office of the Panel shall be located within the United States of America, preferably within the Panel boundaries, as determined by the Executive Committee.

ORGANIZATION

The Panel is organized into an Executive Committee, Standing Committees and Working Groups.

- A. Executive Committee – The Executive Committee is responsible for the governance of the Panel, including directing the Panel Coordinator and the preparation of the annual budget. The Panel shall appoint an Executive Committee, and the Executive Committee may appoint or dissolve other committees and workgroups as needed. The Executive Committee must be composed of Voting Members.
- B. Standing Committees – Standing Committees are created by the Executive Committee and are organized around a particular topic of interest to the Panel, such as the Coastal Committee, and Annual Meeting Committee. Each committee will have a member from the Executive Committee appointed to serve as the liaison between the Standing Committee and the Executive Committee. The liaison’s role is to report to the Executive Committee on

behalf of the Committee at each monthly meeting, and report back to the Committee on behalf of the Executive Committee. Panel Committees may be chaired and populated by Voting, Alternate or Participating Members (see below).

- C. Workgroups – Workgroups are created by the Executive Committee to accomplish a specific task of the Panel. Workgroups are dissolved after the group has accomplished their specific task. Each workgroup will have a member from the Executive Committee appointed to the workgroup to serve as the liaison between the workgroup and the Executive Committee. The liaison’s role is to report to the Executive Committee on behalf of the workgroup at each monthly meeting, and report back to the Committee on behalf of the workgroup. occurs four years after the preceding Fourth-Year Panel Meeting shall be designated a Fourth-Year Panel Meeting (2005, 2009, 2013, 2017, etc.).

At other times the Panel may add or remove an Appointing Organization by two-thirds majority vote of the membership, provided that such action has been noticed in the agenda provided to each member at least two weeks prior to the meeting at which the vote takes place. However, the representative Appointing Organizations of the Panel will strive to mirror the current federal ANS Task Force representative Appointing Organizations.

Alternate Members

Appointing Organizations may appoint no more than two (2) Alternate Members to represent them. If the Voting Member is unable to attend the regular Panel meetings, an Alternate Member may represent the Appointing Organization. However, Appointing Organizations shall be encouraged to appoint Voting Members who can fully participate in Panel meetings and committees. If removed from the Panel by two-thirds majority vote, the member's term of service shall end with the vote of the Panel.

Membership Duty of Service and Removal

Primary and Alternate Voting Members shall be expected to actively participate and fulfill the duties of membership. Although every reasonable effort will be sought to retain members, members can be removed from the WRP by the Executive Committee for non-participation through a two-thirds majority vote 60 days subsequent to either of the following actions:

or

- b. the Voting and/or Alternate Member is not actively serving on 1 committee or workgroup

Prior to any vote to remove a non-participatory member, an official letter of notification to alert member of duty of service expectations will be initiated by the Executive Committee, as appropriate.

Following the removal of a member from an Appointing Organization, the Executive Committee will request a replacement member from agency leadership of the specific organization, agency or Indigenous Entity. Following the removal of a member from an Other Interest Position, that position will be considered vacant and a replacement will take place by majority vote by the Membership at either an Annual Meeting or as needed via electronic vote.

Appointed Officers or Staff

The Panel may appoint or hire an ex-officio member of the Panel who shall not vote, but may participate in panel discussion on the same terms as Participating Members.

Regardless, the newly elected member will fill the remaining term by the vacating member and will not start a new two-year term. The term for an Executive Committee member is two years with no limit to the number of terms that an Executive Committee member may serve.

The Executive Committee shall decide referred questions by a majority vote of all Executive Committee members.

A meeting of the membership shall be held at least once during the calendar year. Meeting locations will rotate through the various states in the Western Region, preferably alternating between coastal and inland locations. Approved minutes from meetings will be made available on the Panel website.

If additional funding is needed to carry out priority Panel work items; those additional needs will be brought to the attention of the Executive Committee. The Executive Committee is responsible for reviewing the request to assure that it is consistent with the Panel Priorities. The Executive Committee will then determine the appropriate potential source for funding and prepare a request to ANSTF. Once secured, the additional funds will be managed with the existing Panel budget.
